

MCGORMICK WINS NATIONAL TITLE

Defeats Greenshields in Final Round of Tournament For Gold
Racquet Championship—Wolgast and Jones Split Up—
Kolehmainen Breaks Three Mile Record.

Tuxedo Park, N. Y., Feb. 12.—Harold E. McCormick of the University club, Chicago, won the national championship at racquets today, defeating Ernest Greenshields, Jr., of the Tennis and Racquet club of Montreal, three games to one in the final round for the gold racquet championship on the courts of the Tuxedo Tennis and Racquet club. A fashionable gathering filled the galleries, witnessing one of the best matches of the tournament.

The Canadian won the first game after an uphill fight at 12-12. The next three went to the Chicagoan, 15-2, 15-2, 15-6. Although the score looks easy, it was a hard fight all the way, and each ace was well contested.

HANNES KOLEHMAINEN SETS TWO NEW RECORDS.
Wins Five and Three Mile Events in Record Time.

New York, Feb. 12.—A remarkable performance by Hannes Kolehmainen, the Olympic distance champion, when he set a new world's record for five miles indoors, was the feature of the New York Athletic club's indoor games in Madison Square Garden tonight.

The speedy Finn made the distance from scratch in 14:29 1-5, clipping 18 4-5 seconds from his own record of 24:48, made in the Garden last Thursday night. Incidentally, he set up new American records for 3 1-4 and 4 1-2 miles indoors.

His time for the former distance was 17:13 3-5, against 17-12 in his last week, while he was timed for the 4 1-2 miles at 23:07 4-5, compared with his last week's mark of 23:17. All three of his marks last Thursday were new records. The record for five miles outdoors is 24:38 3-5, made by Alfred Shrubbs of Boston.

Kolehmainen's performance was all the more notable because this afternoon, running in Brooklyn, he had set a new record for three miles indoors of 14:18 1-5. He had at attack of nausea after this performance and before he started tonight complained of not feeling well.

New York, Feb. 12.—Hannes Kolehmainen of Finland, the Olympic distance champion, today clipped 11 1-5 seconds off the American amateur record for three miles indoors. Kolehmainen won the three mile race in the Thirteenth regiment armory at Brooklyn in 14:18 1-5. The previous record was held by G. V. Bonnah.

NATIONAL LEAGUE ADOPTS SCHEDULE FOR 1913.
Short and Harmonious Convention Comes to a Close.

New York, Feb. 12.—With the adoption of the playing schedule for 1913 today the club owners and representatives of the National league ended one of the shortest and most peaceful sessions in the history of this baseball organization. According to the statement made by Secretary Heydler at the close of the meeting, there was not a ripple of discord heard during the discussion of business yesterday and today.

The schedule calls for 154 games, the season opening with one exception on April 10 and ending Oct. 5. Owing to the good will of the owners, New York club presidents, the game originally scheduled between Philadelphia and Brooklyn for April 17, has been brought forward to April 9, on which day the new Ebbets stadium in Brooklyn will be opened.

Should it rain that day, the first game on the new Brooklyn grounds will be played on the regularly scheduled date, April 17. It was on the motion of Pittsburgh President Barney Dreyfuss that this change was unanimously agreed upon in recognition of the anxiety of the owners of the club in erecting such a costly stadium on its spacious park.

WOLGAST AND JONES SEVER RELATIONS.
Split Result of the Wolgast-Murphy Bout.

Portland, Oregon, Feb. 12.—Ad Wolgast, former lightweight champion, and his manager, Tom Jones, have severed their business relations, according to the latter, Jones arrived in Chicago last night, and said today that he and Wolgast were closing up their accounts with each other.

Wolgast's action in agreeing to the Murphy-Wolgast match in San Francisco, February 22, against Jones' advice, caused a split. Jones said he thought Wolgast could win, but believed the fighter should have taken a long rest before going into a fight that might make him extend himself.

ROSETT WINS MARATHON.
Few Runners Able to Stand Long Grind in Zero Weather.

New York, Feb. 12.—Fifty athletes, stripped down to light running tights, despite a near zero temperature and a bitter cold wind, competing in a Marathon race on Long Island today provided an unusual mid-winter sporting spectacle. The course, from the Thirteenth Regiment armory in Brooklyn to the ocean shore at Sea Gate, and return, was lined with a shivering crowd of spectators, who cheered the athletes on, but less than half of the fifty runners withstood the biting weather and long grind. Among the last of those to split out were Andrew Rockafellow, the Indian runner from Oldtown, Me., who finished fourth in the Marathon at Stockholm last summer. Rockafellow collapsed within a

mile of the army, in which the last two miles of the Marathon were run on the British foot.

ENGLISH LAST LONGER.
Britons Stick in Ring Game Greater Time Than Americans.

There seems to be no particular reason why English boxers should last longer than American. But they do. It isn't anything uncommon for an English pug to stick to the game 15 years. How many American fighters can you think of who have lasted more than seven or eight?

Johnny Summers and Jim Driscoll, who are respectively the welterweight and the featherweight champions of Europe, have been in the game since 1904. They are still going and apparently have several years apiece yet in the flat arena. Owen Moran has been in the game 13 years, and is still a lightweight of renown in Great Britain. Digger Stanley has been meeting all comers since 1901, and is still in shape. Freddie Welsh, after eight years of battle, is lightweight champion of the other hand. Abe Attell, who first entered the ring in 1900, has been lost to view; Jimmy Walsh, who started in a year later, was through two years ago; Jim Flynn, whose fighting career has spread over 11 years, is about ready to throw up the mitts.

On the other hand, Abe Attell, who first entered the ring in 1900, has been lost to view; Jimmy Walsh, who started in a year later, was through two years ago; Jim Flynn, whose fighting career has spread over 11 years, is about ready to throw up the mitts. Jimmy Britts' career extended over seven years. Hugo Kelly, Tony Cannon, Young Erbe, Young Donohue and Matty Baldwin, who entered the game not so very long ago, are now mostly back numbers as pugilists.

Two American fighters, however, have made records that do not look puny in comparison with the English. Tommy Murphy has remained at the top form for ten years, participating in scores of contests. Battling Nelson is in his 17th year in the arena and is still dangerous.

It cannot be said of the English boxers that they retain their efficiency for a longer time because they participate in fewer contests than do the Americans. Moran in 12 years has worked 1,112 rounds. Stanley 604 rounds. Welsh 716 rounds, and Summers 601 rounds. Driscoll alone has been rather inactive, participating in only 51 bouts, but the others have fought often, and frequently have traveled the long distance routes.

CAREER OF "BILL" SWEENEY.
Captain of Braves Has Improved Wonderfully During His Time.

Playing on the right side of the infield is just one long holiday compared to filling a position over on the opposite side of the diamond, according to Capt. Bill Sweeney, of the Boston Red Sox. He has tried every position in the infield, and has played in it long enough to know all about its difficulties.

He does not hesitate to assert that either first or second base is vastly easier than third base or short stop. Therefore, he strongly approves of the trade with Chicago, which sent Joe Judge to Cincinnati, and he says that Joe is one of the greatest shortstops in the business and that it has been brought forward to April 9, on which day the new Ebbets stadium in Brooklyn will be opened.

Should it rain that day, the first game on the new Brooklyn grounds will be played on the regularly scheduled date, April 17. It was on the motion of Pittsburgh President Barney Dreyfuss that this change was unanimously agreed upon in recognition of the anxiety of the owners of the club in erecting such a costly stadium on its spacious park.

Capt. Bill has had plenty of experience in playing the various infield positions. When he was in the Cincinnati Reds, he played shortstop during the college and the same position at the University of Virginia. During the summer vacation, after graduating from St. Xavier's in the spring of 1904, he went to Toledo as a shortstop, but was ousted from the team by Billy Cleggman, a veteran of experience, and sent to Rock Island, where he finished his first season in professional baseball.

In 1905 he went to Portland, in the Pacific Coast league, where he played for two years, mostly at shortstop, but a part of the time at third base. Sweeney's work attracted the great deal of attention on the Portland club, from which Larry McLean and Mike Mitchell came to the Reds the same year. Bill was drafted by the Cubs in the fall of 1906 and his days of apprenticeship as a minor league player were over. He joined the Chicago club in the spring of 1907, but found little chance to display his ability there, for the Cub infield at that time was the famous machine consisting of Chance, Evans, Tinker and Steinmetz.

There was no opportunity to break into that combination until the season of 1908, when he was called up to the big league team. He played in two games while with the Cubs, filling in twice at shortstop when Joe Judge was laid up with appendicitis. After that he was finally picked as Joe's substitute and Sweeney was sold to Boston.

The Beane was sure of a regular job on the field, and he soon proved himself a tower of strength. He has been with the Boston club for six years, during which he has played every position on the team, with the exception of the battery places. For two years he was the regular third baseman, then he worked two years at his old position at the short field, and for the last two years he has

Advice to the Heart Hungry

The Pickle Taster:

Oh, Mr. Editor:—

I am a pickle taster by trade and have tasted so many pickles that my mouth is all puckered up.

Last night I bumped into a beautiful lady who has just moved into our boarding house and she thought from my expression I was trying to kiss her.

This morning she screamed when she met me. Can you tell me of anything that will make my mouth look natural?

Ever yours,
Alongo Disface

Princeton Defeats Yale.
New York, Feb. 12.—The Princeton baseball team will open its season with a game at Yale tonight, 8 to 2. Yale played a splendid game in the first period, at the end of which the Blue team led 1 to 0. Schuler, goalkeeper for the Yale seven, stopped every attempt to score. Princeton had everything its own way in the second period, and scored three times. Kuhn scored three times, Baker and Kilner each twice, and Patterson once. Cox and Herron were the point makers for Yale.

Princeton Has 30 Games.
Princeton, N. J., Feb. 12.—The Princeton baseball team will open its season with a game at Yale tonight, 8 to 2. Princeton had everything its own way in the second period, and scored three times. Kuhn scored three times, Baker and Kilner each twice, and Patterson once. Cox and Herron were the point makers for Yale.

Glad Rags Bought FOR THE PLAYERS
Whalers Have Some Gay Clothes for Use on Home Grounds.

The New London baseball club is to be well provided for on the glad rag stuff this coming season. Last week in New York, President Charles S. Starr of the New London association placed an order for a trunk of costumes for the men who are to be on the payroll this season.

In keeping with the policy of the association the best was ordered. Two sets of uniforms were secured, one for the boys to wear when they are at home, another set to be worn abroad. The suits to be worn at home will be white with blue piping, and the suits to be worn abroad will be blue with white piping.

The traveling costumes will be blue-gray, about the same color as the suits worn at home, but with a heavy gray sweater. The gray suits are well fitted for the hard use suits get on the road. The blue suits will be striking and the boys get into their new uniforms with a good deal of interest.

Many Tall Players.
High altitudes exist to a conspicuous extent in professional baseball. This doesn't refer to the Rocky Mountains, but to the players. It means that there is a conspicuously large number of tall players in the game. In the two major leagues alone the number of players who are over six feet in height is notable. Whether or not the game is gradually elongating the human race, there is no doubt among the regulars and recruits a great abundance of tall players. All of the tall players are good players, and of inches are by no means inconspicuous.

Most of the lengthy chaps of the ball field are pitchers, but other positions have a share of them. Take some of the pitchers of the Giants, string them together and you would find a combined height would fall only a trifle short of the Metropolitan tower.

For example, Matty, Witte and Marquard are all six feet or over; Shore is 6 feet 3 inches, and the heights of Perryman and Hurley are respectively 6 feet 1 1/2 inches and 6 feet 3 1/2 inches. Nine of the players purchased by the Giants last year are over six feet and Merkle, Meyers and Fletcher are all six footers.

Every big league team has its skyscrapers. There are Eppa Rixey of the Phillies with his 6 feet 4, and two recruits, Arthur Salada, who is 6 feet 3 1/2 and W. H. Ritter, who is 6 feet 2 1/2. Six out of 14 newcomers among the Phillies are in the six foot or over class. Other tall members of the Down club are Dolan, Moore, Alexander and Chalmers.

Occum Trims Millionaires.
Occum defeated the Battle Millionaire club in a fast basketball game Wednesday evening by the score of 13 to 7-1-2. The game was interesting and exciting and was witnessed by many enthusiasts, including a number of the Occum girls.

Occum would like to hear from the Jewett City White Elephants for a game to be played next Wednesday evening in the Occum hall. If the Jewett City boys accept this challenge they may answer through The Bulletin or telephone 556-4. Caplan is captain of the team and Preavy is manager.

Dartmouth Trims Aggies.
Hanover, N. H., Feb. 12.—Dartmouth's hockey team defeated Massachusetts Agricultural college today, 5 to 3.

Manager Zeller of the Pittsfield baseball club has received two more signed contracts. John Curtin of Worcester, who has been a player in the Pacific Coast league the coming season, Zeller caught in forty-six games for his team last year, had a batting average of .269 and a fielding mark of .877.

There Are More Foolish Buyers Than Foolish Sellers. Why?

If you had something for sale you would know first what the article cost you and second just what you wanted for it. You would not sell it to the first person trying to buy it unless you could get your price.

But are you as careful as a buyer? Most people are not, and from this lack of care arises much complaint. That which is done hastily is usually not well done; what at first glance seemed to be wool turns out to be shoddy; a shapely garment loses its fit after the first laundering and so on. Bad ware is never cheap. Do your shopping with thought and care.

Read the advertisements of the reputable merchants advertising in THE BULLETIN today; read them closely and persistently every day; shop with these merchants, and you will have no causes for complaint.

Methodist Men's Club Officers.
The annual meeting of the Men's Club of the Methodist church was held Wednesday evening and the following officers were elected: C. L. Clinton, president; F. P. Davoli, vice president; A. Scripture, secretary; F. P. Davoli, treasurer. After the election a luncheon was served.

Appropriation For Ice Shed Needed.
The city council holds a special meeting to take action relative to calling a city meeting to pass a vote relative to appropriating of \$1,000 for the erection of an ice shed at the pumping station. Work preparatory to cutting ice at the reservoir is to be begun this morning.

Horse Stopped on Foot.
L. L. Thompson is suffering from an accident to his foot which occurred several days ago. A horse stopped on his foot and blood poison set in. Mr. Thompson being confined to his home as a result. He was more comfortable Wednesday.

Miss Annie E. Gormley is confined to her home with the prevailing grip.

Medical Virtue in Eggs.
Eggs are most useful articles. Here are some German scientists proclaiming that an eggshell diet breeds certain ailments. In France they have discovered another virtue in them. According to a paper read by Dr. Anst before the Societe Therapeutique, the membrane covering a newly laid egg forms an excellent fertilizer for human skin. When a patient comes to him with a bad wound he washes it off with it with tiny layers of egg membrane and bandages it up. In four days the wound is healed and a fresh patch of skin has grown.

Another Frenchman, a chemist, does his chills with. A horse stopped on his foot and blood poison set in. Mr. Thompson being confined to his home as a result. He was more comfortable Wednesday.
